1. GENERAL REQUIREMENTS

ABOUT US

Congress created the National Fallen Firefighters Foundation (NFFF) to lead a nationwide effort to honor America's fallen firefighters. Since 1992, the non-profit Foundation has developed and expanded programs that fulfill that mandate. Our mission is to honor and remember America's fallen fire heroes, provide resources to assist their families in rebuilding their lives, and work within the fire service community to reduce firefighter deaths and injuries.

DESCRIPTION OF FIRE SERVICE SUICIDE PREVENTION NEEDS ASSESSMENT

In 2014, the NFFF released a report, "Confronting Suicide in the Fire Service: Strategies for Intervention and Prevention," which summarized suicide statistics, risk factors, and potential prevention tactics. The report recommended developing training materials to assist in prevention efforts and to raise awareness of suicide in the fire service.

As the first step in developing training material, the NFFF is seeking a Subject Matter Expert to produce a needs assessment report about firefighter suicide prevention training programs. The needs assessment report will be used in the creation of training videos and supporting material. This proposal is only for the needs assessment report. There will be a separate proposal for the video production and curriculum development.

The needs assessment report should include the following types of information:

- Literature study and analysis of traditional fire service support systems (i.e., employee assistance programs and peer support programs).
- Recommendations for a suicide prevention training program based on focus groups (six one-hour focus groups).
- Results and analysis from a national survey of fire service members on their perception of what is needed in suicide prevention training.
- Recommendations from 10 in-depth interviews with national fire service leaders and other subject matter experts on the needs of fire service suicide prevention training.
- Multi-year needs assessment plan (two to five years) outlining baseline data to assess the impact of suicide prevention training program.
- Forecast of additional research needed to support fire service suicide prevention efforts.

This needs assessment report supports Firefighter Life Safety Initiative #13, which states: *Firefighters and their families must have access to counseling and psychological support.*

TASKS TO BE INCLUDED FOR THE NEEDS ASSESSMENT REPORT

The contractor will conduct the following tasks, in collaboration with NFFF, to gather information for the needs assessment report. Please note that NFFF is open to suggestions and recommendations on how best to accomplish our goals. If the tasks outlined below can be enhanced and modified, please provide recommendations in the proposal.

Task #1: Provide a literature review of evidence-based research on the effectiveness of traditional fire service behavioral health support systems (i.e., employee assistance programs, peer support teams) specific to suicide prevention efforts.

Task #2: Manage at least six one-hour focus groups (each meeting to have a minimum of 15 attendees) to provide information on understanding individuals' experiences, impressions, and suggestions for a suicide prevention training program. The participants of the focus groups should

represent diversity in the fire service (type of department, years of experience, rank/title, gender, structural fire departments, wildland fire agencies, etc.).

Task #3: Conduct a national electronic survey of fire service members on their perceptions of what is needed in suicide prevention efforts. Provide recommendations and analysis of the findings of the survey.

Task #4: Conduct phone interviews with a minimum of 10 national fire service leaders and other subject matter experts about suicide prevention efforts.

Task #5: Provide a multi-year needs assessment plan to assess the impact of a fire service suicide training program. The plan should include baseline data that should be collected by the NFFF.

Task #6: Provide a forecast of additional research needs to support suicide prevention efforts. This will be used to seek future funding and partnerships in fire service suicide prevention programs.

GENERAL REQUIREMENTS

Proposals should demonstrate the following qualifications:

- Experience with creating electronic surveys, facilitating in-person focus groups and conducting one-on-one interviews;
- Knowledge and expertise in current studies of prevailing theories on suicide and suicide prevention efforts;
- Ability to conduct analyses and to create recommendations based on evidence-based research; and
- Experience with conducting needs assessments.

It is preferred, but not required, that the proposal demonstrate a knowledge of the topic of suicide in the fire service and/or the military.

SUBMISSION INFORMATION

- Please notify Victor Stagnaro (vstagnaro@firehero.org) by **October 30, 2017**, if interested in submitting a proposal.
- Final deliverable will be a detailed written report of the findings.
- The travel expenses for the logistics for the focus group meetings will be managed through the NFFF and do not need to be included in the proposal budget.

Through the submission of an offer, the offeror warrants and certifies that it can comply with such terms and conditions. Further, upon acceptance of the proposal by the NFFF, this document will stand as the controlling contract document.

APPENDIX A

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS Complete all lines

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

- (A) Are are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (B) Have have not , within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks “have”, the offeror shall also see 52.209-7, if included in this solicitation);
- (C) Are are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision;
- (D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

- (i) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
- (ii) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) *Examples.*

- (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the

course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has has not , within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment; and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror non-responsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government and Strategic Technology Partners, Strategic Technology Partners may terminate the contract resulting from this solicitation for default.
